

Desert Bird 4x2 Table Runner for 9"x9" Panels

Top Dimensions: 45"x24", Sample uses "ABQ Traffic" for blender.

Materials: Panel set and 2 yards of blender for top and back. (1/2 for top only.)

Top assembly instructions: 1/4" seam allowance

1. Cut 4 strips @ 2.5" x 9". Assemble 4 top/bottom panel pairs with horizontal strips between.
2. Cut 5 strips @ 2.5" x 20". Assemble illustration panel pairs into a single panel with a vertical strip on each side of panel pairs. Trim edges.
3. Cut 2 strips @ 2.5" x 45". Add top and bottom strips to assembly. (Note: if you are cutting for top only out of 1/2 yard, you will need to piece two shorter strips together to create a 45" long strip.) Trim edges.

Cut Instructions:
Top and Back
from 2 yards
